Christian and Scientific Knowledge Claims...

Misleading ideas about science....

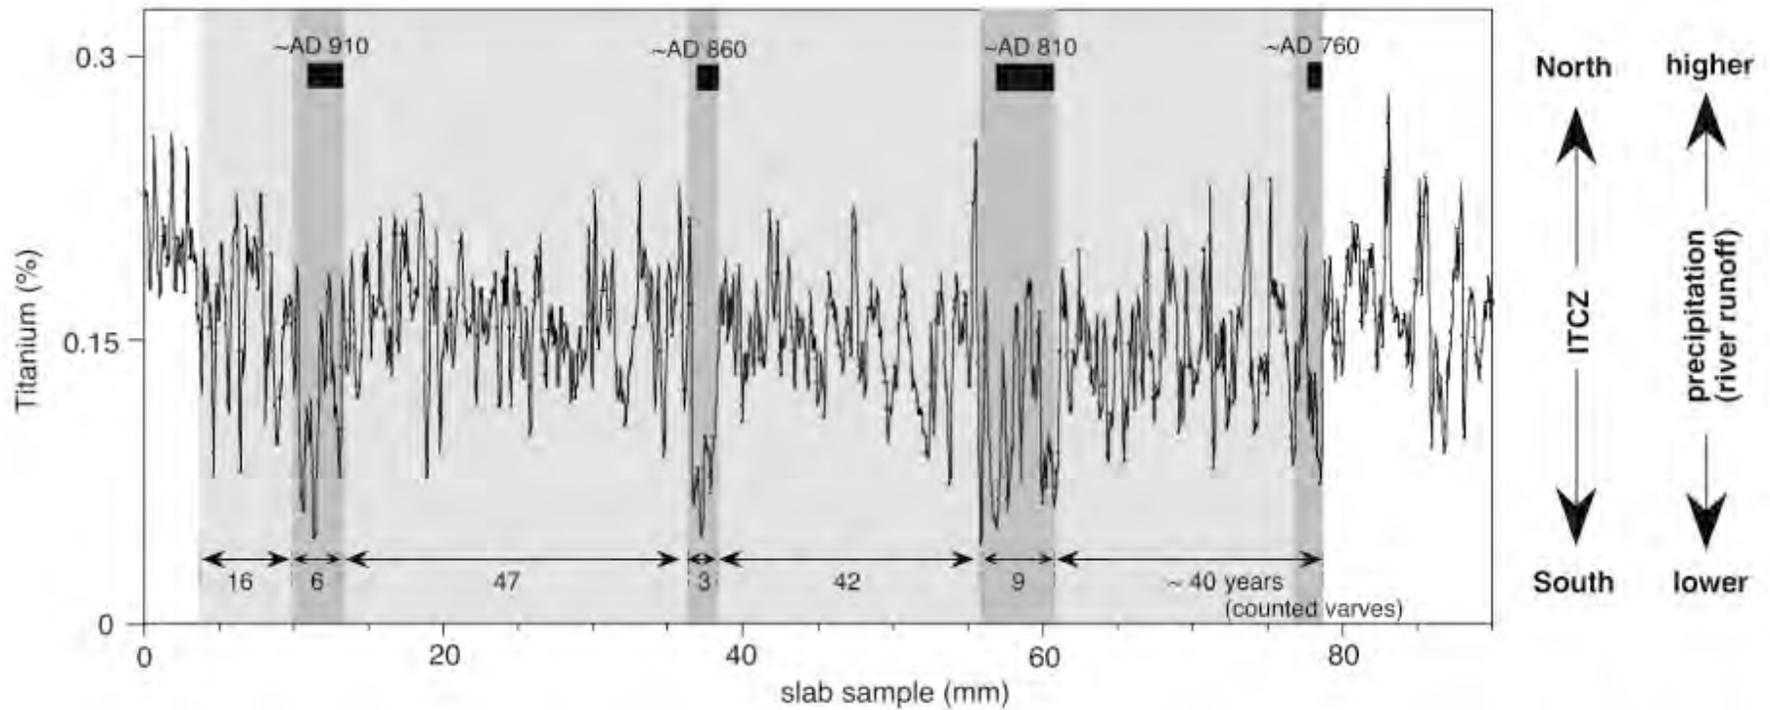

- [1] can only disprove or falsify things
in science....
- [2] repeatability is essential
- [3] must be experimentally accessible
can't deal with past events...
- [4] science is about hypothesis testing...

So what is science up to ???

In the past God spoke to our forefathers
through the prophets
at many times and in various ways,
But in these last days he has spoken to us
by his Son,...

Hebrews 1

<i>God doesn't exist</i>	<i>impossible</i>

"A miracle is a violation of the laws of nature; and as a firm and unalterable experience has established these laws, the proof against a miracle, from the very nature of the fact, is as entire as any argument from experience can possibly be imagined."

—David Hume

Hume's arguments against miracles were embraced by 19th Century conservative Protestants as part of their anti-Catholicism.

<i>God exists, but doesn't interact or communicate</i>	<i>impossible</i>
<i>God doesn't exist</i>	<i>impossible</i>

“It is impossible to use electric light and the wireless and to avail ourselves of of modern medical surgeries and discoveries, and at the same time believe in the New Testament world of spirits and and miracles.”
 —Rudolf Bultmann
